

Artsource Consulting: To Do List: June
May 30, 2016

Friday, June 24th, 6 – 11:00 pm – Southern Exposure’s annual *Monster Drawing Rally*: This year the event has a new off-site location and will be held at Minnesota Street Project. Over the course of the night, 120 artists at all stages of their careers take shifts to draw for an hour in front a live audience, bringing their private studio practices to the public. As spectators spy on creative process, sketches morph into full-fledged artworks made from collage, watercolor, ink, and graphite or even performative acts. Finished drawings are immediately available for \$75 each. The *Monster Drawing Rally* is an integral part of Southern Exposure’s mission to make art and artists more accessible. This annual gathering is a fantastic way to view new talent, interact with the Bay Area’s artistic community and support Southern Exposure’s programming all at once. **Purchase tickets in advance [here](#).**
