Length of Internship: Weeks of August 28 - December 15, 2023

Description:
This internship will provide valuable training in the field of project management within a contemporary nonprofit arts organization. This internship is not a paid employment relationship, but is a stipended educational opportunity that will benefit the candidate with mentorship, training, and instruction.

Engaging in a wide variety of professional activities under the instruction and supervision of the Artistic & Co-Director with additional instruction from the Operations and Development Coordinator, the Programs & Exhibitions Intern helps to collect and organize information from artists and curators for events and projects and will be instructed on the administrative requirements needed to support artistic nonprofit projects, exhibitions, and events, and to produce a successful fundraiser to further the mission of the organization. The intern also attends and takes minutes at monthly curatorial meetings.

A successful Programs & Exhibitions Intern is self-motivated and detail oriented and loves art and local artists. The intern is asked to be available 1-3 weekdays per week along with occasional evening hours for meetings and events. A major component of this internship is the 2023 Monster Drawing Rally, so candidates must be available on Saturday, October 21, 2023, to be considered for this internship. In addition to receiving a modest stipend, interns receive ample opportunity to learn about the ins and outs of a contemporary arts organization and the many moving parts of hosting a rigorous fundraising event.
